

Further Remarks

Applicant notes the current office action is marked final. It is suggested that this response cannot be said to introduce new issues for the Examiner to consider. This is because the present response states again what was argued in response to the previous office action dated 5 March 2003. Applicant would be grateful for the Examiner to consider the amended claims filed with the response of 4 June 2003, along with the arguments included with the response of 4 June 2003 and given above.
